

Content Management Solutions

Enterprise Content Management (ECM) solutions enable the management of all unstructured information regardless of file type or format. They can facilitate the creation of new content and/or provide easy access and retrieval of existing digital assets from other enterprise tools such as enterprise resource planning (ERP), customer relationship management or legacy applications. By streamlining content related production and processes, the effective deployment of ECM solutions can help organizations dramatically reduce costs and increase productivity.

Proactive Global can help you create a 'real-time' enterprise by designing, developing, implementing and integrating a secure and scalable ECM solution including:

- Enterprise Imaging and Document Management
- Web Content Management
- Digital Asset Management
- Enterprise Records Management, Compliance and Control
- Business Process Management and Collaboration
- Enterprise Search

Additionally, our experts can customize and deliver Enterprise Content Management assessment tools including strategy roadmaps, ECM value assessments, ECM jumpstarts, education mentoring and much more.
